

Documentation of Exposure to Anesthesia Practice in the Operating Room

All applicants are required to spend at least 8 hours in the operating room to observe the practice of surgical anesthesia. The purpose of this activity is to expose the applicant to the patient-anesthetist interaction, technology involved in anesthesia delivery, manual skills associated with anesthesia care and the level of responsibility for the patient. The applicant is responsible for contacting a local anesthesiologist and arranging to spend at least 8 hours with the anesthesiologist, an anesthesiologist assistant or a nurse anesthetist. These requirements may be satisfied by an individual who has worked in an anesthesia department or has had an anesthesia rotation as part of previous clinical training.

Applicant Name _____ Telephone (_____) _____
