

Nova Southeastern University
Physician Assistant Program Fort Myers
Mission, Goals, and Outcomes

Mission statement

In keeping with the ideology of both Nova Southeastern University (NSU) and the College of Health Care Sciences (CHCS) mission statements, the NSU Physician Assistant (PA) Program Fort Myers endeavors to: provide an educational experience that emphasizes primary medical care and enables graduates to demonstrate competency and skill in a variety of clinical and cultural settings; provide health care experiences in medically underserved communities; prepare students for lifelong learning; prepare students for leadership roles; cultivate professionalism throughout the program.

Goals

- Produce competent primary care PAs
- Improve health care delivery to medically underserved communities
- Cultivate professionalism throughout the program

Mission Supported Goal	Measures of Success	Outcomes
Produce competent primary care PAs	PANCE Performance	Class of 2016 First-Time Taker pass rate– 98% Five-year First-Time Taker pass rate - 94%
	Attrition Data	3 year Academic Attrition: 2.7%
	Preceptor Feedback	Excellent feedback from preceptors regarding the quality of students on clinical rotations and their ability to contribute to the health care team.
	Graduate Exit Survey Data	Class of 2016 <ul style="list-style-type: none"> • 95% of graduates agree that the Program adequately prepared them to practice in primary care medicine. • 98% of graduates agree that the program prepared them well for interviewing patients

		<p>and performing physical exams.</p> <ul style="list-style-type: none"> • 98% of graduates agree that the program prepared them well for developing a differential diagnosis and patient management plans.
Improve health care delivery to medically underserved communities	<p>National Health Service Corps Scholarship Program (NHSC)</p> <p>Required Rural Rotations</p>	<p>All students are advised of NHSC scholarship program during orientation. Several students apply for the scholarship each year.</p> <p>In the last 3 years, 2 students received the NHSC scholarship encouraging work in the medically underserved communities.</p> <p>Every student is required to complete at least one rural/underserved supervised clinical practice experience (SCPE)</p>
Cultivate professionalism	Involvement of faculty and students in professional associations	<p>Most PA faculty are fellows in the American Academy of Physician Assistants and the Florida Academy of Physician Assistants, and all faculty are members of the Physician Assistant Education Association.</p> <p>Faculty regularly attend professional association workshops, CME events, and seminars.</p> <p>Students participate in the Sean P. Grimes Student Society, SAAAPA, FAPA, the state and national challenge bowls, and are frequent winners of the CHCS Ethics Bowl</p>

	Faculty and Student publication, research, and presentations	Faculty and students have been published in JAAPA, JPAE, JAMA and various other publications. One faculty member published a textbook in the field of bioethics.
	Program Curriculum	<p>Several students are enrolled in the dual MMSPA degree and MPH degree program.</p> <p>Faculty members participate in community-wide medical education seminars, and have presented at AAPA and FAPA events.</p> <p>Topics on professionalism are explored by a variety of means throughout the curriculum.</p>
	Community Service Involvement	Faculty and students participate in the annual Project SEED (Serving Everyone Embracing Diversity) health fair in Immokalee, FL; Community health walks; toy drives for the underserved communities; medical mission trips to the Dominican Republic; and provide assistance to the local Medical Reserve Corps and Collier County Public School system. The program was a 2016 recipient of a Collier Foundation Grant for Project SEED.
	Alumni Achievements	<p>Alumni of the Program:</p> <ul style="list-style-type: none"> • provide leadership to AAPA, FAPA, and various other state PA organizations; • lecture/precept current students; • received prestigious postgraduate

		fellows from Dartmouth, Yale, Johns Hopkins, and others.
