Amplify Your Career with an Edge

Nova Southeastern University's (NSU's) Doctor of Audiology (Au.D.) program establishes audiologists in a clearly defined and prominent role within the hearing health care delivery system and strengthens their position as autonomous practitioners. Students gain the academic foundation and diverse clinical experiences to enter the field of professional practice in today's world and to interact with other health care colleagues.

Audiologists are licensed health care professionals who diagnose, treat, and manage hearing loss, tinnitus, and vestibular disorders for adults and children. NSU's Au.D. program offers a hands-on curriculum that fosters student, professor, and peer interaction in a supportive and challenging environment. Additionally, you'll gain experience at our state-of-the-art, on-campus clinic and at more than 25 sites in the South Florida community.
