

CHCS/CON Research Committee

Members Present:

Hal Strough

Vanessa Johnson

Donna Mesler joined via telephone

Shipla Gaikward

Rose Colon

Lisa Soontupe

Barbara O'Connor Wells

Gary Margules

Samuel Cheng

Monique Mokha

Jodi Clark

August 30 2018, the Research Committee Meeting commenced at 12:09 PM

Research Procedures/Application & Proposal Review Subcommittee:

The application packet emailed to the research committee; is in the works of modifications and drafting phase.

Athletic Training made adjustments with their application section. July 30th, Athletic Training sent out updates regarding Research procedures.

Comments: Kim Smith approved adjustments to subcommittee applications.

Upcoming Dates:

- By June 12th, Monique Mokha suggests a follow up on a proposal.
- September 15th letter of intent drafted and submitted.

Representation of Nursing, on all three subcommittees and proposals, are reviewed.

Donna Mesler, Semi-permanent position.

On CHCS Faculty Research Committee roster, change Vanessa Johnson to Lisa Soontupe's title.

Report from Education Subcommittee:

Shilpa Gaikwadi Meet and Greet Event

Wendy Stav will be the keynote speaker

Panel Members:

Roxana Ross- Grant Lab

Cathy Harlan- Office of Sponsored Programs

Vanessa Johnson- Research Director of Nursing

Wendy Stav- Occupation Therapy Department

October 4th from 4 to 6 PM, Distinguishing Faculty event

October 3rd, Shiplap will check Chancellors dining room, once confirmed will also send out Meet & Greet invite flyer in a mass email.

Journal Club draft not finalized in November, potential dates are the 8th 14th or 15th. Shiplap is seeking a faculty member to facilitate the event.

*Dr. Strough recommends: not the 8th due to the Dr. Pallavi Patel College of Health Care Sciences celebration.

Vanessa Johnson will volunteer, the journal club is held in Room 1247 during lunch time, attendees will receive certificates and incentives.

Report from Communication and Technology Subcommittee:

Goals:

To have a database of skills listed on website or an existing database that will update research and finding.

Skill sets on the website and getting them structures into a webpage.

Akiva Turner will be on Communication and Technology Subcommittee with Rick Davenport, due to the committee member changes.

Possible database suggestions: Pivot, Google Scholar, Digital Measures, Research gate

*Concerns- Samuel Cheng expressed his concerns of having too many databases, keeping a minimum.

Strategic Plan:

Dr. Cheng, Dr. Turner, and Dr. Stavv- will report next meeting their updates on the strategic plan

CHCS & CON Research Committee Strategic Plan, committee members voted and accepted the direction of the strategic plan. Committee will draft strategic plan addressing and finalizing a proposal to submit to the Dean. The proposal will include Nursing vision and mission.

Strategic Plan 2 Assist junior faculty to pursue their research agenda through grant opportunities and mentorship

Mentorship

100% faculty received CHCS/CON research grant

How are we tracking those reports?

Where is the research that supports those findings?

Ideas- testimonials from faculty, the benefits of receiving the grants; paired with experienced researchers.

Possible mentors-

Concerns: Overload, a possibility of the mentors released from their work and a stipend to accommodate their mentorship or to hire a work-study.

Methodical Center

Dr. Davenport and Dr. Johnson will investigate potential options and creating a proposal for a methodical center shared between CHCS and Nursing.

Ideas: A full-time position

Strategic Plan 3- Provide an environment to foster scholarship and research collaboration

Journal Club and Presentation outcomes, offering every two years.

Rotate Journal Club between CHCS departments and Nursing.

Meeting adjourned at 1:22 PM, the next meeting will be announced by Dr. Strough at a later date.
