ATHLETIC TRAINING

Health Professions Division  |  Students Entering 2020
Now Accepting Applications
 nova.edu
NSU athletic training students practice their skills while helping children here and throughout the world.
THE NSU EDGE

• low student-to-faculty ratio
• advanced patient simulation technology
• extensive resources
• clinical experience
• opportunities to aid urban and rural underserved populations
• interprofessional service-learning
• faculty and staff members who care about your success
• commitment to developing students of academic and clinical distinction
• track record for cultivating patient-focused leaders

Nova Southeastern University’s Dr. Pallavi Patel College of Health Care Sciences provides the highest quality of education to students in a variety of health care disciplines, including occupational, physical, and respiratory therapy; physician assistant; audiology; medical and cardiovascular sonography; anesthesiologist assistant; speech-language pathology; athletic training; exercise and sport science; and health sciences. We offer entry-level programs to advanced health care studies that allow professionals to continue with their lifelong learning. The cutting-edge curricula offered in our programs will help our students gain future success in their fields.

The college is committed to providing health care educational opportunities in formats that meet the needs of prospective students in the community. These formats include both the standard, face-to-face classroom approach and innovative distance electronics. By combining the most contemporary teaching modalities with state-of-the-art technology, our students are assured of obtaining the most comprehensive education possible.

The Dr. Pallavi Patel College of Health Care Sciences believes in excellence and innovation in teaching, research, service, and learning. This is made possible by having an academically skilled and professionally qualified faculty and staff. We have diverse faculty members. They come from different backgrounds, have different degrees, and possess a wide range of educational experiences. Our faculty members are eager to share their knowledge of and expertise in the health care arena with their students. We also have an open-door policy that encourages students to seek answers to their questions, allowing them to develop a solid understanding of the materials that they study.

All these opportunities make the Dr. Pallavi Patel College of Health Care Sciences truly unique. The health care market is undergoing a rapid change. The pace of this change has provided a formidable challenge for institutions that provide the educational programs for future health care professionals. We are proud of the fact that we are training our students to become skilled and compassionate health care providers who are certain to make valuable contributions to the communities they serve. If you wish to become a graduate who is adequately prepared to assume a leadership role in health care, I encourage you to apply to our programs.

Stanley Wilson, Ed.D., PT, CEAS
Dean, Dr. Pallavi Patel College of Health Care Sciences
“We are proud of the fact that we are training our students to become skilled and compassionate health care providers.”

—Stanley Wilson
PROGRAM OVERVIEW

DESCRIPTION

According to the National Athletic Trainers’ Association, athletic training encompasses the prevention, examination, diagnosis, treatment, and rehabilitation of emergent, acute, or chronic injuries and medical conditions. Athletic training is recognized as an allied health care profession by the American Medical Association, Health Resources Services Administration, and Department of Health and Human Services.

Athletic trainers (ATs) are highly qualified, multiskilled health care professionals who collaborate with physicians to provide

- preventative services
- emergency care
- clinical diagnoses
- therapeutic intervention
- rehabilitation of injuries and medical conditions

Athletic trainers work under the direction of a physician, as prescribed by state licensure statutes.

The Master of Science in Athletic Training (M.S.A.T.) is designed to prepare students to become certified athletic trainers who specialize in injury and illness prevention, assessment, treatment, and rehabilitation for physically active people. This year-round program will provide preparation in the advanced medical skills necessary for clinical practice. In addition, students will receive hands-on classroom experience; an evidence-based foundation in clinical evaluation; and training in advanced clinical procedures, such as suturing, intravenous injections, and manual therapies.

The curriculum provides a balance between classroom, laboratory, and online instruction. Using an interprofessional approach, this program also exposes students to a variety of medical programs in the Dr. Pallavi Patel College of Health Care Sciences through integrated coursework, guest lectures, and laboratory experiences. In addition, unique clinical experiences are provided in high schools, physical therapy clinics, colleges, and emerging settings by trained preceptors. The curricular progression supports student development of clinical skills culminating in two full-immersion clinical experiences during the second year. The M.S.A.T. degree is designed to ensure that students who graduate from the program meet all requirements necessary to pass the Board of Certification (BOC) examination.

PURPOSE

NSU’s Master of Science in Athletic Training (M.S.A.T.) program develops competent health care professionals who are committed to providing quality, patient-centered care through the incorporation of evidence-based practice, interprofessional collaboration, and community engagement.
GOALS

1. Prepare students for professional practice by providing a student-centered learning environment through innovative, pedagogical strategies.

2. Immerse students in a diverse, interprofessional community of faculty members and medical professionals in the health care field through clinical education opportunities.

3. Develop competent clinicians focused on providing quality, patient-centered care.

4. Foster knowledge through collaborative use of health care informatics.

Did You Know?
The Emergency Medicine course gives students advanced medical training that can lead to a certification within the first year of the program.

BONUS

NSU’s Master of Science in Athletic Training (M.S.A.T.) in partnership with the Broward Fire Academy in Davie, Florida, enrolls students in an Emergency Medicine course that prepares them for the National Registry examination for Emergency Medical Technician (EMT). As athletic trainers are typically called upon for emergencies that occur on the field, the Emergency Medicine course prepares athletic training students for such situations. This unique course

• provides essential medical skills necessary for clinical practice in various athletic training settings
• includes a strong interdisciplinary introduction to patient care that transfers to evaluation and management skills throughout the program
• allows students the opportunity to interact with patients in real time during clinical experience, emphasizing recognition and initial management of both trauma and medical conditions
• fosters appreciation for the strategies involved in prevention and emergency planning

ADMISSIONS REQUIREMENTS

All applicants to the Master of Science in Athletic Training program must
1. have a bachelor’s degree from a regionally accredited college or university or an
   approved degree credentialing agency for international students
2. have a minimum of 2.75 cumulative grade point average (GPA), and a grade of C or
   better on all prerequisite courses
   Students must complete all prerequisite courses listed prior to successfully matriculating to the M.S. A.T. program. Final transcripts must be submitted prior to matriculation.

Did You Know?

Students with bachelor’s degrees in any academic area can be considered for admission to the M.S.A.T. program. Candidates are individually reviewed by the M.S.A.T. Committee on Admissions as NSU considers each applicant in terms of his or her potential for success in the program.

PROVISIONAL ACCEPTANCE

Students are provisionally admitted to a degree-seeking program based on a review of unofficial transcripts or other specific program admission requirements. However, this admission includes a condition that final and official transcripts, documents, and requirements must be received within 90 calendar days from matriculation. If these final and official transcripts, documents, and/or requirements are not received by that time, the student will not be allowed to continue class attendance. Financial aid will not be disbursed to a provisional/conditional student until he or she has been fully admitted as a regular student (all admissions requirements have been approved by the college/program admissions office). Students who have an unpaid balance 30 days from the start of the term will be assessed a $100 late fee.
APPLICATION PROCEDURES

STEPS SUMMARY

1. Apply to the Athletic Training Centralized Application Service (ATCAS).

2. Submit the following required documents to ATCAS.
   • résumé or curriculum vitae
   • personal goals statement
   • three letters of recommendation
   • all official transcripts
   • documentation of observational experience

3. Submit a nonrefundable, $50 application fee with your supplemental application.

4. Participate in a personal interview, if offered.

1. **Apply to ATCAS.** NSU’s Master of Science in Athletic Training program participates in the Athletic Training Centralized Application Service (ATCAS).
   • All applicants are directed to apply at caate.net/apply-now.
   • The deadline to submit application materials to ATCAS is February 1.

2. **Submit the following required documents** to the ATCAS website
   • a résumé or curriculum vitae
   • a personal statement of professional and education goals
   • three letters of recommendation
   • evidence of 50 hours of observational experience with a certified athletic trainer
     Applicants must use NSU’s M.S.A.T. Observational Experience Form
   • official transcripts from all colleges and universities that include prerequisite courses

Coursework taken at foreign institutions must be evaluated for U.S. institution equivalence by an approved National Association of Credential Evaluation Services (NACES) organization, such as one of the services listed following.

**World Education Services, Inc.**
Bowling Green Station
P.O. Box 5087
New York, New York 10274-5087
(212) 966-6311 • wes.org

7101 SW 102 Avenue
Miami, Florida 33173
(305) 273-1616 • (305) 273-1338 fax
info@jsilny.org • jsilny.org

**Educational Credential Evaluators, Inc.**
P.O. Box 514070
Milwaukee, Wisconsin 53203-3470
(414) 289-3400 • ece.org
It is the applicant’s responsibility to have this coursework evaluated. An official course-by-course evaluation with a cumulative grade point average must be sent directly from the evaluation service to NSU’s Enrollment Processing Services at the address listed previously.

✔ TIP
The ATCAS may take four to six weeks to verify supporting documents, so early application is highly recommended.

3. Complete the NSU supplemental application and submit it with a $50, nonrefundable application fee. This application is available once NSU has received the ATCAS application.

4. Participate in a personal interview. A personal interview is part of the process. However, being interviewed is not a guarantee of admission. Upon completion of the applicant’s file, a review will be made to determine if the candidate will be granted an interview. Only those applicants whose files are complete will be considered. The Office of Admissions will notify candidates selected for interview.

NOTICE OF ACCEPTANCE

Notice of acceptance will be on a rolling or periodic schedule. Early completion of the application process is in the best interest of the applicant. After acceptance, final and official documents and requirements must be sent to

Nova Southeastern University
Enrollment Processing Services (EPS)
Dr. Pallavi Patel College of Health Care Sciences
Athletic Training Admissions
3301 College Avenue, P.O. Box 299000
Fort Lauderdale, Florida 33329-9905

Prior to beginning coursework, all students must pass the ATP Technical Standards, Broward County background check, and drug screening.

Upon admission, all students must submit a copy of their current personal health care/medical insurance policy or original coverage letter directly to the program. All students must provide for their own medical care. The program assumes no responsibility for injury or illness while enrolled. It is required that each student carry adequate personal medical insurance. Students may avail themselves of the medical insurance plan obtainable through the university.
TUITION

Tuition for 2020–2021 will be posted online at healthsciences.nova.edu/masters-athletic-training/program-expenses.html. All tuition and fees are subject to change by the board of trustees without notice.

FEES

Annual Fees
- Health Professions Division general access fee: $145
- NSU student services fee: $1,500

Admittance Fee
- Acceptance and Preregistration Fee: $1,000

This fee is required to reserve the accepted applicant’s place in the entering first-year class, but is not refundable in the event of a withdrawal. It is payable within two weeks of an applicant’s acceptance or by April 15, whichever comes first. The first semester’s tuition and fees, less the $1,000 previously paid, are due on or before registration day. Tuition for each subsequent semester is due on or before the appropriate registration day.

Students will not be admitted until their financial obligations have been met. The financial ability of applicants to complete their education at NSU is important because of the limited number of positions available in each class. Applicants should have specific plans for financing two-and-a-half years of professional education. This should include tuition, living expenses, books, equipment, and miscellaneous expenses.

STUDENT HOUSING

Numerous apartments, condominiums, and other rental facilities are located near campus. Information concerning housing may be obtained by contacting Nova Southeastern University
Office of Residential Life and Housing
3301 College Avenue
Fort Lauderdale, Florida 33314-7796
(954) 262-7052
EXPENSES AND FINANCIAL AID

The primary financial responsibility for a student’s education rests with the student and his or her family. Economic circumstances for some families may make it necessary for the student to obtain assistance from other sources.

The purpose of student financial assistance at NSU is to help as many qualified students as possible to complete their health professions education. Various loans, scholarships, and grants are available to qualified students to help ease the high cost of a health professions education. These financial assistance opportunities are described online at nova.edu/financialaid.

For information, contact

Nova Southeastern University
Office of Student Financial Assistance
3301 College Avenue
Fort Lauderdale, Florida 33314-7796

(954) 262-3380 • 800-806-3680

A limited number of part-time work assignments are available. However, due to the demands of the curriculum, the program strongly discourages any outside employment.
ACCREDITATIONS

The NSU Master of Science in Athletic Training is accredited by the Commission on Accreditation of Athletic Training Education (CAATE). The program is scheduled to undergo onsite review in 2021–22. For more information on accreditation, please reference the CAATE website at www.caate.net. You may also contact them at 6850 Austin Center Blvd., Suite 100, Austin, TX 78731-3184 or 512-733-9700.

Nova Southeastern University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate’s, baccalaureate, master’s, educational specialist, doctorate, and professional degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Nova Southeastern University.

NONDISCRIMINATION

Consistent with all federal and state laws, rules, regulations, and/or local ordinances (e.g., Title VII, Title VI, Title III, Title II, Rehab Act, ADA, Title IX, and the Florida Civil Rights Act), it is the policy of Nova Southeastern University not to engage in any discrimination or harassment against any individuals because of race, color, religion or creed, sex, pregnancy status, national or ethnic origin, nondisqualifying disability, age, ancestry, marital status, sexual orientation, gender, gender identity, military service, veteran status, or political beliefs or affiliations, and to comply with all federal and state nondiscrimination, equal opportunity, and affirmative action laws, orders, and regulations. Any such acts are unacceptable and strictly prohibited by the university.

In addition, the law prohibits retaliation against an individual for opposing any practices forbidden under this policy, for bringing a complaint of discrimination or harassment, for assisting someone with such a complaint, for attempting to stop such discrimination or harassment, or for participating in any manner in any investigation or resolution of a complaint of discrimination or harassment. This nondiscrimination policy applies to admissions; enrollment; scholarships; loan programs; athletics; employment; and access to, participation in, and treatment in all university centers, programs, and activities.

NSU admits students of any race, color, religion or creed, sex, pregnancy status, national or ethnic origin, nondisqualifying disability, age, ancestry, marital status, sexual orientation, gender, gender identity, military service, veteran status, or political beliefs or affiliations, to all the rights, privileges, programs, and activities generally accorded or made available to students at NSU, and does not discriminate in the administration of its educational policies, admission policies, scholarship and loan programs, and athletic and other school-administered programs.
NSU’s Health Professions Division (HPD) is playing a pivotal role in leading the university to new levels of excellence. The division comprises eight distinctive colleges—osteopathic medicine, pharmacy, optometry, medical sciences, dental medicine, health care sciences, nursing, and allopathic medicine—that offer more than 60 degree and certificate programs.

We have seen the university reach many milestones recently. In September 2017, NSU received the largest philanthropic gift in its history from physicians Dr. Kiran C. Patel, M.D., and his wife, Dr. Pallavi Patel, M.D., which included a $50-million gift and an additional $150-million real estate and facility investment in Clearwater, Florida.

Then, in January 2018, the Patels provided additional gifts totaling close to $30 million, while a substantial contribution from longtime donors Ron and Kathy Assaf led to the college of nursing being named in their honor. The altruistic trend continued in February 2018, when an important gift from Martin and Gail Press resulted in the naming of the HPD Library.

In October 2017, our allopathic medicine (M.D.) college received preliminary accreditation. As a result, the college gained approval to begin interviewing and accepting its inaugural class of 50 students in August 2018. Finally, construction commenced on the HCA East Florida hospital that will be located adjacent to the HPD complex on NSU’s Fort Lauderdale/Davie Campus.

These exciting developments will ensure that our students receive a well-rounded education at an academic institution that prides itself on being dynamic, innovative, and interprofessional in its academic approach.

Frederick R. Lippman, R.Ph., Ed.D.
HPD Chancellor, Special Projects
NSU’s Health Professions Division (HPD), with a student body of more than 8,000, is home to eight colleges. Located on the Fort Lauderdale/Davie Campus, it occupies a $70-million complex, covering 21 acres. HPD includes eight buildings totaling more than 900,000 square feet of space for classrooms, laboratories, offices, the Martin and Gail Press Health Professions Division Library, an outpatient health center, and a pharmaceutical care center. Several of the HPD programs are also located at our regional campuses, extending our programs and resources to various communities. They offer you the ability to complete a degree at a location that may be more convenient to your home.

• Doctor of Dental Medicine (D.M.D.)/Master of Business Administration (M.B.A.)
• NSU moved up from last year to rank 191 among national universities in *U.S. News & World Report’s 2019 list of top 200 “Best Colleges.”* The rankings are based on several measures of quality, including graduation and retention rates, assessment of excellence, and student selectivity.

• *U.S. News & World Report* ranked three of NSU’s online programs among the best in the nation.

• Online Colleges ranked NSU’s online programs 3rd in Florida and 12th overall in the United States for online educational opportunities.

• NSU ranked 8th in the nation for overall opportunities for military service members, 10th in the nation for doctoral degrees, and 11th in the nation for bachelor’s and master’s degrees and credit for military training. More than 2,500 accredited colleges and universities were ranked on a variety of factors, including affordability, student services, and the availability of online programs.

• *U.S. News & World Report’s* list of the top 100 graduate schools in the country includes three NSU HPD programs: physician assistant (#40); occupational therapy (#44), and pharmacy (#77).

• *Diverse: Issues in Higher Education* listed NSU 5th among U.S. colleges and universities for the overall number of minority graduate degree recipients. The 2015–2016 data published by *Diverse* is collected by the Integrated Postsecondary Education Data System (IPEDS). 

NOTEWORTHY RECOGNITIONS
Nova Southeastern University—synonymous with dynamic innovation and intellectual challenge—is the second largest, private, nonprofit university in the Southeast. Situated on a beautiful, 314-acre campus in Fort Lauderdale, Florida, the university is experiencing a sustained period of academic growth, fiscal strength, and commitment to the challenges of the 21st century. In this environment of expansion and stability, the university is capitalizing on its strengths in such areas as academic innovation, comprehensive clinical training, and flexible educational delivery systems.

The university awards certificates and bachelor’s, master’s, educational specialist, and doctoral degrees, all in a wide range of fields, including the health professions, law, business, marine sciences, psychology, social sciences, computer and information sciences, and education.
