

Required Computer and Technological Equipment for the Entry-Level Doctor of Occupational Therapy (OTD) Program

Computer Requirements:

You need access to a computer with the following:

- A processor of 3 GHz or faster
- 8 GB RAM or greater
- A high-speed internet connection with a connection speed of 1.5 MB/s or better.
 - The use of satellite and cellular connections may result in slowness or errors (timeouts, access problems) when accessing the classroom and course materials.
 - The use of public access computers and internet (for example, at restaurants and public institutions such as libraries) may result in slowness or errors (timeouts or access problems) when accessing the classroom and course materials. Public access computers may not permit any access to certain course materials or systems due to security limitations.
- Monitor and video card with 1024x768 or greater resolution
- Keyboard and Mouse is recommended
- Speakers/Headphones and Microphone
 - A noise-cancelling headset is recommended
 - Public access computers may not permit usage of speakers, headphones or microphones.
- A web camera capable of video web conferencing
 - Public access computers may not permit *usage of web cameras*.

Operating System:

- NSU provides free access to Microsoft office 365
- You will need a computer with Microsoft® Windows or Apple® Mac OS and familiarity with the following items:

Type	Name	Version
OS	Window 10 or Windows 11	Latest version
	macOS	
Browsers	Google Chrome	
	Microsoft Edge	
	Mozilla Firefox	
	Apple Safari	
Streaming App	VLC Media Player	
PDF Reader	Adobe Acrobat Reader DC	
Productivity	Microsoft Office 365 suite and 1TB cloud storage included with NSU email account	

The NSU-OTD program may require access to additional software. Please look for updated software requirements in your course.
