

## PA Diagnostic Equipment List

Students in the Physician Assistant Program will be required to have their own diagnostic equipment in order to perform physical examinations. The [PA Diagnostic Equipment List](#) is a complete outline of all equipment needed.

An equipment fair will be held during the first week of class, and it is advisable to hold off on purchasing equipment before orientation. If you would like to know more about the options offered at the equipment fair, you can review the information from our attending distributor:

- [Welch Allyn - 2018 NSU-PA Diagnostic Equipment Order Form.](#)

These resources will provide you an opportunity to research your options and arrive at educated decisions for your purchases. Faculty members will be present at the equipment fair to answer your questions.

In addition to the Equipment Fair, the Class of 2019 is putting together equipment bags for you to purchase as a fundraiser for their class. Click the link to see additional information regarding the [PD Equipment Bags](#).
