

PHT 6834: Clinical Practicum III

This is the final course in the clinical practicum series. The course consists of integrated clinical education experiences supervised by academic faculty, followed by a 4 week full time clinical education experience in a community based adult outpatient clinic (primarily musculoskeletal), in which students are directly supervised by community-based clinicians in a 1: 1 or 2:1 model. Emphasis is on developing confidence and competency in professional behavior, reimbursement/billing, clinical safety, communication, therapeutic presence, assessment, examination, treatment planning, patient/client education, and performance of basic skill interventions and documentation with patients/clients.
