

PROFESSIONAL LICENSURE DISCLOSURE/NOTIFICATION STATEMENT

Degree Title (Concentration)	Level
Speech Language Pathology	Master

PROFESSIONAL LICENSURE DISCLOSURE STATEMENT

This Disclosure is strictly limited to NSU’s determination of whether the Master of Science in Speech Language Pathology (the “Program”), if successfully completed, would be sufficient to meet the educational requirements for licensure or certification in a State, as defined as 34 C.F.R. § 600.2.

NOTE: This Disclosure does not provide any guarantee that any particular State licensure entity will approve or deny your application for certification or professional licensure. Furthermore, this Disclosure does not account for changes in state law or regulations that may affect your application for certification or licensure or occur after this disclosure has been made. If your career plans include pursuing professional licensure or certification in your chosen field, it is important to become educated on the credentialing requirements of the state in which you hope to practice by contacting the state’s licensure entity.

In accordance with 34 C.F.R. § 668.43, NSU has determined whether the Program satisfies State educational requirements for licensure as follows:

PROGRAM MEETS EDUCATIONAL REQUIREMENTS	PROGRAM DOES NOT MEET EDUCATIONAL REQUIREMENTS
The Master of Science in Speech Language Pathology program of the Dr. Pallavi Patel College of Health Care Sciences meets the <i>educational</i> degree completion requirements for licensure in all 50 states, the District of Columbia and the US protectorates, as defined in 34 CFR §600.2.	

Students are strongly encouraged to determine any *additional* requirements for licensure in the state in which they seek to be licensed. Students can refer to their state licensing bodies as well as the ASHA State by State website at <https://www.asha.org/advocacy/state/> for requirements for licensure. For licensing board contact information and approval status, the student is directed to the state licensure requirements for the state where the student plans to be employed.

State licensure or certification requirements can vary from state to state, depending on each State's laws and regulations. The State licensure entities are responsible for overseeing the educational and non-educational requirements for licensure or certification for their State.

We encourage all enrolled students and prospective students to contact their applicable State licensure entities to familiarize themselves with the specific professional licensure or certification requirements. For information on how to contact State licensure entities, please visit the U.S. Department of Education State Contacts webpage at: <https://www2.ed.gov/about/contacts/state/index.html?src=contact-us>

If you have trouble obtaining the information you need, or if you have any other questions regarding certification, please contact Dr Melissa Edrich at medrich@nova.edu for assistance.
