SHARK MOTION CLINIC

MEET YOUR SHARK MOTION CLINIC OFFICER COMMITTEE

Clinic Coordinator: Joy Nicole Murphy, SPT 3

Hello, fellow Sharks! I have the pleasure of being your clinic coordinator for this year! This will be my second year serving on the Shark Motion Committee! Last year, I held the position of Shark Motion Liaison for SPTA's board. I live in St. Pete with my fiance and our pup, Lilly! I got my Bachelor's Degree in International Relations and Philosophy at USF; I founded the Gamma Phi Beta Eta Eta Chapter at USF. I was a wedding coordinator for 8 years and did over 1,000 weddings in the Tampa Bay area! I've worked in the service industry for more than a decade. And one of my hobbies is beekeeping which I have done for over 8 years, so save the bees!

Why Shark Motion Clinic?

First of all, it is my absolute *passion* to help people! And, I've always felt it was really important to be of service to the community; Shark Motion Clinic gave me that opportunity to provide real help for people in need in the Tampa Bay Area. Moreover, I know that by serving on this committee I could work with brilliant people to make a real change in the world.

Assistant Clinic Coordinator: Madonna Roshdy, SPT2

My name is Madonna Roshdy, I am a Physical Therapy Assistant and a mother of two wonderful children. My hobbies include kayaking and traveling and spending time with my family.

Why Shark Motion?

I love serving and giving back to the community. I chose shark motion because I knew it would fulfill my service desire and would help me reach my potential aspiration of helping others

Be on the lookout for the NEW Winter Sign-Up Genius schedule!

Any questions or concerns email Joy Murphy at jm4994@mynsu.nova.edu

Outcomes Officer: Alyssa N. Gomes, SPT2

Hi, my name is Alyssa and I am excited to help the SMC as the Outcomes Officer. I have unique work experience from aviation to patient care but I am beyond excited to be entering the physical therapy field of healthcare. I completed my Biomedical Bachelors' at USF. I am going on 6 years with my soon-to-be husband Jeremy and we are avid outdoor adventure lovers. I have too many hobbies to name but I love to cook, work out, and get out in nature any chance I can.

Why Shark Motion Clinic?

I love that Shark Motion is a pro bono clinic. In my short experience in healthcare I have seen how many people trust that all doctors know best, don't ask questions, or don't know what questions to ask and that personally scares me because while there are many great doctors, not all are good ones or practice patient-centered care. SMC is a place where we can provide quality healthcare, educate patients, and answer any questions patients may have. It is a place where we have an opportunity to make healthcare better and I'd like to help any way I can with that.

Student Coordination Officer: Marviana Mackey, SPT2

Hello, my name is Marvi and I am serving as the Student Coordination Officer for Shark Motion Clinic. I previously attended the University of Florida where I received a bachelor's degree in exercise science. As a PT2, I also serve as the SPTA Fundraising Chair. In my free time, I enjoy playing with my dog, officiating sports, and exploring new places.

Why Shark Motion?

I chose to be a part of Shark Motion because I believe increasing access to care is essential for improving our community health. I agree with the clinic's mission and wanted the opportunity to give back to my community by playing a role in the day-to-day clinical operations. I am confident that this experience will not only assist with my professional growth but also provide invaluable experiences.

Supervisor Scheduling Officer: Katlyn Kimball, SPT2

My name is Katlyn Kimball, and I am the new Supervisor Scheduling Officer for the Shark Motion Clinic! I live on the East Coast of Florida in a small beach town called Vero Beach. I attended Florida State University (GO NOLES!) where I obtained a Bachelor's degree in Biology and Psychology. I enjoy running, going to the beach, and hanging out with my dog, Bentley.

Why Shark Motion?

I joined Shark Motion Clinic because I was interested in being able to help individuals in need of healthcare services and unable to obtain them due to barriers.
